Testimonial for Win Jenney

HALF CENTURY CIVIC SERVICE HONORED

Winfield and Ruth Jenney were guests of honor at a testimonial dinner, attended by 130 of Mattapoisett people and many other friends from other communities, on Friday evening at Thad's in New Bedford. The occasion marked Win's retirement from the Board of Water Commissioners and Sewer Commissioners. Originally scheduled for Thursday, the party was postponed by one of the fiercest storms of the young season which turned off the power in New Bedford and

gan. Ralph paid tribute to Win Jenney's long service to the town in many capacities including 50 consecutive years as Water Commissioner, 10 years as Wharf Commissioner and 2 years on the Sewer Commission.

Charlie Morgan expanded on Win's long public service as he greeted the gathering and made a presentation of a gift lamp. The base of the lamp is a town water meter which dates back to before 1940. The shade, by Mattapoisett artist Theresa Corey, is a waterfront scene depicting the wharf and surroundings in the period when Win was Wharf Commissioner.

John DeCosta, chairman of the Mattapoisett Board of Selectmen, spoke of Win's long association with square dancing at the wharf and with the Historical Society of which he is a past president. Mr. DeCosta remarked that Win's service to the Historical Museum has helped to make it one of the best in the State. He mentioned that in 1979 the Mattapoisett Lions' Club honored Win as Citizen of the Year. He said that, as a photographer, Win has recorded much of the town's recent history, many photos having been enjoyed in the Presto Press and decorating the Town Hall. Mr. DeCosta expressed the thanks of the Board of Selectmen and all of the town for Mr. Jenney's civic pride and dedicated public service as he presented a framed Certificate of Appreciation.

Selectman Joseph Zora, of Marion, added congratulations on behalf of that town. He spoke of the remarkable cooperation always present in water related matters between the towns and the generous assistance from Win over the years when requested. He presented a plaque from Marion decorated with a water meter dome.

Jeffrey Osuch, of the Fairhaven Public Works Department and chairman of the Mattapoisett River Valley Committee, spoke of Win's valuable service on that committee which protects the public water supply that is the river valley. He presented a handsome plaque engraved with the names of the original members of which Win Jenney is one.

ADDITIONAL HOUSING FOR THE ELDERLY

The Board of Selectmen last Tuesday overwhelmingly gave their support to additional housing for the elderly and single family housing as described by Ms. June Mendell, executive director of the Mattapoisett Housing Authority. She explained the board's written support is necessary to accompany the authority's application for state Planning Grant Funds. She is also seeking written support from senior citizens and the Council on Aging office.

Ms. Mendell said the Authority is going for a congregate-type housing; a different concept than the present Village Court project. She noted it will be similar to Rochester's housing complex in that it will have a main dining room and kitchen where one hot meal will be provided each day. Individuals renting the apartments will be the frail elderly; that is, independent and in need of less support than a nursing home provides. Ms. Mendell added that many people are going to nursing homes who are not ready for them.

The state Community Development Program will guarantee the budget to operate and maintain the complex, Ms. Mendell said. Rent will be based on 25 percent of the person's net monthly income, with utilities furnished. The housing will be available first to Mattapoisett residents, followed by those having family ties to the town.

Ms. Mendell noted presently 85-90 percent of the residents in the Village Court project are either Mattapoisett residents or have family ties in town. She added that the Homestead Court Veterans' Housing is 100 percent

As explained by the housing executive director, the second type of housing is termed scattered site family housing. She stressed there is a definite need for this program which will include the purchase of three-bedroom houses. The number of houses purchased depend on prices and the amount of the grant. She felt the prices would be in the $40-$50,000 range.

It was noted by Bernard Talty, Housing Authority member, that the project will be town controlled. After the site is selected, the authority must receive approval from the Planning Board and Zoning Board. Ms. Mendell commented that there is no land to add on at either Village Court or Homestead Court.

The director said there will be an income guideline formula set up for the single family housing. When asked what she will do if the rent isn't paid, Ms. Mendell explained, "They will get evicted". She noted there have been some evictions from the veterans' housing over the years for that reason.

A particular site for the congregate housing is still under investigation. The director said, "We will offer several potential sites with the proposal to help get acceptance to our application. The application is due in Boston by April 9th for the award funding in May. If Mattapoisett received a favorable reply, about $25,000 will

In other business, Selectmen:

MET with the Personnel Board and the Finance Committee to complete preparation of the budgets for the May 7th annual town meeting.

The Finance Committee agreed they will recommend a four percent across the board increase for town employees. Changes were made in the Police Department budget by reducing the sum for a cruiser and an unmarked car to $25,725, with the extra from the original amount of $32,000 to apply $8,000 for the Council on Aging van.

Members of the Personnel Board agreed to have Selectmen recommend to the Finance Committee an increase in the salaries of the members of the Board of Health and the School Committee. Selectmen felt that both board members were underpaid. The increase will be about $40. per person, from $130. to $250. per year.

In seeking to reduce the Selectmen's budget, Finance Committee chairman Michael O'Brien asked what do you really need and what can you do without? The committee agreed to recommend cuts totaling $900-$500 from Shellfish Propagation and $400. from meetings and dues expenses.

Selectmen defended a potential cut of $400. from the executive secretary's salary increase. Chairman John DeCosta noted Carol Adams came into the position last October with a contractual agreement that her salary would be negotiated annually. He noted her salary is below the average for similar-sized towns. Selectman Frank Suzan commented, "Carol does a super job and is very competent."

Speaking for the board, Selectman James F. Huntoon defended the meeting expenses saying, "We're a more active board and we keep abreast of new information." Suzan

noted that "we pick and choose which meeting to attend - we gain tremendously from what we have learned".

READ a letter from Police Chief James Moran that was sent to Fire Chief Donald Wood in which Moran commended fireman Peter Scott for his recent lifesaving action.

DeCosta read, in part, " On March 17, at 6:12 a.m., Peter Scott received a call from someone with a muffled voice - he went to the police station to have the call traced. His swift action saved the life of 79-year old Beatrice Moule of 2 Mahoney's Lane, who lives alone. Scott broke in and found the woman suffering from a stroke. She was taken to the hospital."

Selectmen agreed to officially recognize Scott's action.

Rochester Memorial School

The Rochester Memorial School Chess Club took part in the Southeastern Massachusetts Scholastic Team Tournament, held Sunday, March 25th, at the Xaverian Brothers High School in Westwood, Mass.

Due to the lack of elementary school teams, the Rochester club was forced to compete against high school teams in the first two rounds of the three round event. Despite this, they narrowly missed an upset win against the Tri-County Regional High School team, when, in the second round, the Memorial School team scored a win and two draws against two losses in the five-player match. The Rochester club's participation in this event has earned them the right to be the elementary school representative for Southeastern Massachusetts in the State Scholastic Team Chess Finals, to be held April 1 in North Billerica.

ORRJHS PROBLEM SOLVING GROUP RANKS 15th

The Junior High Problem Solving Group (Algebra I students) of ORRJHS ranks 15th in New England out of 45 schools competing in the Continental Mathematics League after four meets with one remaining. These contests incorporate advanced mathematical topics and are given to eighth graders throughout the country.

Leading scorers for ORRJHS have been: Scott Middleton, Lisa Bozoyan and Susan Reid. Many of the topics covered, according to Mr. Cameron, are not typically taught at the Junior High School level. However, if a student has the mathematical insight and intuition, most of the problems are solvable with basic arithmetic.

HIGH SCHOOL DANCES - PROCEDURES

We remind parents of Old Rochester students of the procedures we ask students to follow. High school dances, excepting only the Homecoming dance, are open to enrolled students in good standing only. A student wishing to bring a partner who is not a member of our student body may do so if the guest is registered with the school office prior to the close of school on the day of the dance. Unregistered guests will not be admitted at the door. Students who once leave the dance may not return. Students planning to arrive after 9:00 p.m. because of work or other known prior commitment must make this known in writing to the school office before the close of school on the day of the dance. Parents of students who are not driving are asked to provide transportation for their son/daughter at the time appointed for the closing of the dance; we cannot dismiss the supervisory staff until all students have left the premises.

RADIOLOGICAL TECHNOLOGIST SPEAKS AT ORR

Miss Nancy Thomson, a radiological technologist at Tobey Hospital in Wareham, was a recent speakers for English classes at Old Rochester Regional High School at the invitation of Miss Denise Alves, a ninth grade student who is currently working on a project involving x-ray technology as a career.

Miss Thomson stressed the training and education necessary to be successful in her chosen field. She also cited the special personality needed to deal with the public, work long hours and endure the hazards such as radiation. Through the use of an x-ray viewer, she explained the techniques used to locate abnormalities and to take corrective measures. Highlights of her talk also included graphic narratives of emergencies presented to a radiological technologist. Interested students were giv ı suggestions about schools and hospitals which offer two-year courses. Our thanks to Miss Thomson, Miss Alves and Mr. Vernon Taylor, coordinator of the projects.

Chairperson Bob Black has called the meeting to elect new officers for the Committee and to elect representatives to the April 15th Senate District Caucus.

The number of representatives from Mattapoisett will be three. This is the same number as those elected on February 11th to attend the 1984 Massachusetts Democratic State Convention on June 9th. The representatives elected at the April 13th organizational meeting, along with the delegates elected on February 11th, will attend and participate in the election of one Democratic State Committeeman and one State Committeewoman from this Senate district at a Senate District Caucus on April 15th. This election is in compliance with an amendment to the Charter of the Democratic Party of the Commonwealth approved at the 1983 Massachusetts Democratic State Convention. The amendment provided for the expansion of the State's committee membership.

The meeting is open to all registered Democrats, persons ineligible (children or non-citizen), and media representatives.

Stamp collectors from southeastern Massachusetts and Rhode Island will be competing for awards when the SEAPEX 21 philatelic exhibition is held April 7th and 8th in New Bedford High School's Green Cafeteria.

Show hours are noon to 6 p.m. Saturday, April 7th, and noon to 5 p.m. Sunday, April 8th. There is no admission charge and ample free parking is available.

A highlight of this year's show is a Sunday morning auction of 152 lots of stamps, covers and philatelic supplies, the biggest auction ever held in conjunction with the exhibition.

Stamps of the United States and Portugal and colonies predominate in more than 50 of the lots.

Several lots relate to whales and whaling, including topical stamps, a folded letter from whale oil dealer Nehemiah Leonard of New Bedford to Providence, and another from William R. Rodman of New Bedford to Philadelphia. Also on sale to the highest bidder will be the November 22, 1853 issue of the "Whalemen's Shipping List and Merchants' Transcript", a newspaper published in New Bedford.

The auction will also include a collection of Christmas seals, including 10 covers,

Crossword Tournament

Southeastern New England's 5th annual Crossword Puzzle tournament is scheduled for Saturday, April 14th, at Southworth Library, South Dartmouth, it was announced by the tourney's general chairperson, Hope Atkinson.

The popular event this year will feature two nationally renowned speakers after the luncheon which follows the morning session of puzzle competition. Dr. Eugene Maleska, puzzle editor emeritus of the New York Times, will make his fourth appearance in the local series as after-luncheon speaker. Author of several puzzle-related books, he will autograph copies of his most recently released work, "Across & Down", which will be on sale during the day.

Walter Covell of Barrington, R.I., eminent creator of countless published puzzles and a leading U.S. expert on diagramless puzzles, will preside at the afternoon session. He will instruct the volunteer participants in methods of creating diagramless puzzles, concluding with the actual make-up of such games by each member of the class. Additionally, a competitive mini-session in solving a diagramless puzzle will be conducted, with a special prize for the winner.

Mr. Covell may be seen and heard on TV Channel 10 at noon on April 9th when he will briefly discuss crossword puzzles and this increasingly popular tournament, one of but three in the eastern United States.

Tourney winners will be determined by a system of point-scoring which takes into account other factors besides correct words. Tie scores for perfect games are broken by consideration of elapsed time. All 3 puzzles in the morning session are figured into a single cumulative score for each competitor.

Old Colony

REPRESENTATIVES FOR SCORE VISIT OLD COLONY

Representatives from S.C.O.R.E. (Service Corps of Retired Executives) visited Old Colony Regional Vocational-Technical High School on March 27 and 28 to talk with seniors about how to start a business. Joseph Barbero and Albert Wobecky covered a wide range of subjects including types of business organizations, financing a business, and the personality traits of successful business people.

The presentation was particularly significant for Old Colony because statistics indicate that a high percentage of vocational graduates eventually start their own business. However, the statistics also show that nine out of ten new businesses fail because of poor planning and management. One of the goals of S.C.O.R.E. is to reduce that percentage by providing free advice to potential business people.

S.C.O.R.E. is a volunteer organization whose membership is made up of retired business people, bankers, and educators. They are available for consultation to individuals and small groups and their office is located in the Hastings Keith Federal Building in downtown New Bedford.

CHANGE OF OWNERS MEANS WE HAVE TO MOVE. In the nine and a half years in our present house we have added over six inches of insulation to the ceiling and double storm windows. We have assumed responsibility for the minor landscaping possible and replacement or repair of "things that went wrong" in the house, all at our own cost. If you would appreciate two tenants of such caliber and their two cats, please call 758-9083 from seven to nine mornings or six to ten evenings. Our cats have excellent references, too.
